

VILLA BIANCHI

Verdicchio dei Castelli di Jesi DOC Classico

Vine Variety

Verdicchio 100%

First year of Production

1985

Area of Production

Castelli di Jesi, Marche

This is a wine which takes its names from the nearby farmhouse, which is nestled in the heart of the cultivation area for Verdicchio dei Castelli di Jesi. The Bianchi family uses grapes from these adjoining vineyards to make the wine. Today, Villa Bianchi aims to express all the typical features of Verdicchio, particularly its aromatic notes of freshness and elegance. This expression is achieved by a careful selection of grapes and through the use of vinification techniques aimed at preserving the inherent aromatic character of the variety.

GENERAL CHARACTERISTICS

Vineyard

The vineyards are planted with vines between 6- and 30-years-old, which are trained on the Guyot system. They are situated on a band of hillsides 500-1,000 feet above sea level with south/southwest exposure. The yields are average (3.5-4 tons per acre).

Harvest

The harvest is carried out by hand and normally takes place in the period from the middle to the end of September. The ripening is constantly monitored in order to determine the exact date of harvest with the aim of preserving a good acid profile, which represents the basis of this wine's freshness.

Vinification

After a light pressing, the prime must is rapidly cooled and then goes through static decantation. The alcoholic fermentation takes place in stainless steel tanks at a temperature of 57-61°F for about 8-10 days. The wine does not undergo malolactic fermentation. The wine rests in stainless steel tanks in contact with its own yeasts for about four months.

TASTING SUGGESTION

Serving Glass

A light and elegant tulip-shaped glass with the top edge very slightly flaring, which allows the aromas to be concentrated towards the nose. This is the way to capture the delicate and fruity bouquet of young wines.

Pairings

Lean antipasti, pasta and risottos with seafood sauces, and grilled and baked fish

Ideal Serving Temperature

46-50°F
