

THIBAUT LIGER-BELAIR

Bourgogne Aligoté Clos des Perrières la Combe

SURFACE AREA

0.55 ha (1.36 acres) planted in 1978.

TERROIR

It borders the *village* appellation Nuits-Saint-Georges Les Argilats. We are located on the hillside (Vosne-Romanée side) on very calcareous soils facing south. When we took over this vineyard, we converted this entire domaine to organic farming like the other domaine vineyards.

PERSONALITY

These vines were planted in 1978 and offer mature and very aromatic Aligoté. The limestone soil gives this wine a good length, much more than what would be expected for this appellation.

TASTING NOTES

This wine has a peachy nose and quite raisined fruit that is super fresh with white licorice notes and a perfumed, refreshing finish.
