WINEMAKING

Rapid cold pressing. Fermentation at very low temperature with regular micro-oxygenation to enrich and concentrate the aromatic potential, allowing the aromas of the grape to express themselves with intensity. Immediate racking after fermentation and aging under micro oxygenation.

FOODPAIRING

From its fruity notes and freshness, this lovely wine can be paired with all dishes or just by itself as a great moment with friends on a terrasse.

TASTING

A very fruity wine, with intense aromas of juicy white fruits. Notes of citrus, pineapple, peach and tropical fruits come together, enhanced by delicate spicy notes.

« The tasting is very balanced, and it is hard to believe that this wine is only 8.5°! A wine to discover and taste, with passion and greed!
