

# Ándica

## Sauvignon Blanc 2023 CURICO VALLEY

**TYPE OF WINE:** White

**VARIETIES:** Sauvignon Blanc

**HARVEST PERIOD:** From March 20 to April 4

**D.O.:** Curicó Valley

### TASTING NOTE

Here the delicate color of Sauvignon appears, pale yellow notes, delicate and subtle, with greenish notes. On the nose, tropical fruits appear, citrus fruits such as grapefruit, and at the end very subtle herbaceous notes, the palate is sweet, intense, with a fresh and interesting acidity, which leaves a very balanced finish, perfect to enjoy at any time.

### SERVING SUGGESTIONS

Excellent as an aperitif, it also combines very well with all kinds of fish, and excellent for a white fish ceviche. Serve at 10 °C.

### TECHNICAL DETAILS

Alcohol level: 13,5% Ph: 3,3

Acidity level: 6,3 grs. /L (as tartaric) RS: 1,3 gr. /L.

**FORMATS AVAILABLE:** 75 cl

Malolactic fermentation: Without malolactic fermentation

Aging: Without any wood

Bottling date: July 2023

Stored under good conditions, it will maintain its potential for the next:  
Ready to drink.

Allergy advice: Contains sulfites.

### STORYTELLING

Miguel Torres Ándica is made under the vision of honoring the natural expression and biodiversity of the country that welcomed us 40 years ago. This certified 100% organic wine is made with the utmost respect for the Chilean ecosystems where we grow our grapes, from the north to Patagonia, with a sustainable approach to agriculture and aware of climate change.

### VINTAGE 2023

At Miguel Torres Chile we have specialized in the search for Territories or Terroir for the different varieties. For this reason, we make wines from vineyards from the Limarí Valley in the north to the town of Río Bueno in the Osorno Valley. The harvest period for us began on February 6 and ended on April 26, lasting 80 days. We can say in climatic terms that we are facing a harvest with temperatures above normal in much of the country and with rainfall higher than the previous 2022 season but considered a dry year. The results of the wines this year were better than expected, given extreme weather conditions. In general, it was a year of moderate to high alcohol but without too many extremes, with generally lower acidity than in other seasons, in short a year of excellent quality.
